

Two Masters World Champions from North America

Tuesday, 17 December 2013 21:30 -

Our hearty congratulations to Al Clark (CAN) and Peter Seidenburg (USA) and the rest of the North American contingent for representing us so well at the recent Masters World Championship in Oman. Al won the Standard Masters fleet and Peter took top honors in the Radial Great Grand Masters category. This was Peter's 9th World title! He's now being described as the "Scheidt of the Masters". Well done, gentlemen.
