

Starting on March 8th to the 10th, master sailors raced out of Palm Beach Sailing Club in the 2019 championships.

By Katelyn Hiebert

Sailors from around the world are invited to sail in the ocean in Palm Beach FL.

“One of the things that is really cool about PBSC is that we sail out in the ocean in 15mph winds. So that means we are sailing over four foot waves, which is actually a lot of fun to do,” master sailor David Hiebert said.

The over all top three winners of the full rig division where Ernesto Rodriguez (21 points), Peter Shope (33 points) and David Hiebert (44 points). There where 42 boats racing full rigs.

Also, the over all Radial division top three winners where Paul Clifford (27 points), Christine Neville (29 points) and Peter Seidenberg (34 points). There where 24 sailors racing in this division.

While sailing over three days the sailors worked hard during the day, but at night they all enjoyed dinner together at the center, which the hospitality committee provided.

At the end, all the sailors raced wonderfully and the regatta was a success.
